- November 18, 2016 (09.30 a.m. to 12.00 noon)

Contact:
Dhaka School of Bank Management (DSBM)
Bangladesh Institute of Bank Management
Plot # 4, Main Road # 1, Mirpur -2, Dhaka-1216, Bangladesh
Phone: 88-02-9003031-5, 9003051-2/Ext.-105, E-mail: dsbm@bibm.org.bd

Admission

The objective of the admission policy is to select students on a competitive basis for the MBM program.

Requirements

A graduate in any field of study with minimum 16 years of schooling having at least one first division/class and no third division/class in any examination is eligible to apply. CGPA equivalence for those who have passed under Division/ Class system is as follows:

For Graduation/Post-graduation

Division/Class	Equivalent CGPA (on a 4 point scale)
First	3.50 and above
Second	2.75 to less than 3.50

For SSC/HSC

Division/Class	Equivalent CGPA (on a 5 point scale)
First	4.00 or A and above
Second	3.00 or B to less than 4.00 or A

Selection Process

All applicants, fulfilling the minimum requirements, sit for an admission test comprising MCQ and written sections. The admission test is of 150 minutes; 90 minutes for the MCQ and 60 minutes for the written portion.

The MCQ section of the Test is designed to assess the general merit of the applicant. The question structure and distribution of marks for the MCQ are as follows :

Section	Topic	Marks
English Proficiency	Antonym, synonym, analogy, substituting in a single word, sentence correction, sentence completion, comprehension, etc.	40
Mathematics and Analytical Ability	Arithmetic, algebra, geometry, tables, graphs, critical reasoning and data sufficiency, etc.	50
General knowledge and Current Affairs		10
	Total	100

The written section of the test focuses on the writing ability of the applicant in English. The question structure and distribution of marks are as follows:

Writing Areas	Marks
Essay Writing	15
Reading Comprehension/Precis	10
Translation into English	10
Argument/Dialogue	15
Total	50

Subject to attaining a minimum percentage of marks in different sections of the admission test, a maximum of top 200 applicants will be called for viva-voce. Viva-voce will carry 10 marks. Regardless of the score in the admission test, an applicant will not be in the final merit list unless he/she obtains a minimum marks in the viva-voce. The final merit list of 80 students will be prepared according to the total marks obtained in the admission test and viva voce. However, 20 seats of the final merit list will be reserved for the bank nominated applicants subject to being included in the list of top 200 applicants. In this regard, maximum number of finally selected from a bank will be five.

Application Procedure and Schedule

Any eligible candidate must apply in the prescribed form. The form along with a copy of prospectus and sample test is available at the DSBM office on payment of Tk. 1000/- (non-refundable). These can also be obtained from BIBM website.

    a) 1/8   b) 1/6   c) 3/16   d) 3/8

S@ifur's Math বইতে **Percentage, Profit-Loss, Interest**
... এভাবে অধ্যায় ভিত্তিক বহু **Math** দেয়া আছে।

| **Section C: Analytical Ability & General Knowledge** | **Marks: 30** |

I.   Read the following information and answer the questions: (Q. 56-58).   2 × 3 = 6

On a certain railway route, five trains each day operate between city X and city Y: the Padma, the Meghna, the Jamuna, the Sangu, and the Dholessori. Each train consists of exactly five cars, and each car is either a deluxe-class car or a coach car.

On the Padma, only the first, second, and fifth cars are coach.

On the Meghna, only the second and third cars are coach.

On the Jamuna, only the second car is coach.

On the Sangu, only the third and fourth cars are coach.

On the Dholessori, all cars are coach.

56.   On the typical day, which of the following must be true of the railway's trains operating between City X and City Y?
a) More deluxe cars than coach cars are used as first cars.
b) More deluxe cars than coach cars are used as second cars.
c) Every train uses a deluxe car for the fifth car.
d) More deluxe cars are used than coach cars.

57.   Which of the following cars cannot both be deluxe cars on the same train?
a) First and second   b) First and third
c) Second and third   d) Third and fourth

58.   If a train has deluxe cars as the first and third cars of the train, that train must be the
a) Padman   b) Meghna   c) Jamuna   d) Sangu

II.   Read the following information and answer the questions: (Q. 59-60).   3 × 2 = 6

59.   A local department store hires college students for one month every spring to audit its unsold inventory. It costs the department store 20 percent less to pay wages to students than it would cost to hire outside auditors from a temporary service. Even after factoring in the costs of training and insuring the students against work-related injury, the department store spends less money by hiring its own auditors than it would by hiring auditors from the temporary service.
The statements above, if true, best support which of the following assertions?
a)   The amount spent on insurance for college-student auditors is more than 20 percent of the cost of paying the college students' basic wages.
b)   It takes 20 percent less time for the college students to audit the unsold inventory than it does for the outside auditors.
c)   By hiring college students, the department store will cause 20 percent of the auditors at the temporary service to lose their jobs.
d)   The cost of training its own college-student auditors is less than 20 percent of the cost of hiring auditors from the temporary service.
